SECTION 1. Tennessee Code Annotated, Title 2, Chapter 10, Part 2, is amended by adding the following language as a new, appropriately designated section:

Section 2-10-2\_\_.

(a) The registry of election finance, notwithstanding any other provision of the law to the contrary, shall do all of the following:

(1) Develop, with the advice, assistance and approval of the office of information resources, an Internet-based electronic filing process for use by all candidates for state public office and all political campaign committees which are required to file statements and reports with the registry of election finance.

(2) Develop, with the advice, assistance and approval of the office of information resources, a system that provides each candidate and campaign committee with secure access to the electronic filing system. The system shall provide safeguards against efforts to tamper or change the data in any way.

(3) Provide training to candidates and campaign committees on the use of the electronic filing system.

(4) Develop, with the advice, assistance and approval of the office of information resources, a system that will forward a copy of any candidate's report filed electronically with the registry of election finance to the appropriate local county election commission as required in § 2-10-105(a).

(5) Beginning with the 2004 regular August election, with the advice, assistance and approval of the office of information resources, provide to the public access to a list of campaign contributions made to candidates and a list of expenditures made by those candidates by posting such list on

the Internet. Such lists shall not be subject to the provisions of § 2-10-111. In addition, the registry shall provide assistance to anyone seeking to access this information on the Internet. Campaign contribution lists shall not be made available on the Internet until the lists for each candidate running for the same office are available and such lists shall be made available on the Internet as simultaneously as is practicable.

(b) The registry of election finance, once the development of the electronic filing system is completed and tested, shall provide public notice that the system is operational and available for filers to commence use.

(c) The registry of election finance shall, and with the advice, assistance and approval of the office of information resources, implement the electronic filing system for use in the 2004 regular August election and all subsequent state elections. Candidates for state public offices and campaign committees may commence electronic filing for any state election beginning in the year 2004 after the effective date of this act and after notice has been given pursuant to subsection (b) and may continue to file electronically all reports for any subsequent state elections.

(d) All information entered by any candidate or campaign committee into the electronic filing system shall remain confidential until the information is filed with the registry of election finance.
